DISASTER RECOVERY PROGRAM

ANNOUNCEMENT

November 1, 2024

Deadline for Boulder County Use Tax Rebate extended to January 31, 2025

Everyone who lost a home in the Marshall Fire and is rebuilding on their affected property is encouraged to apply for a building permit with their permitting jurisdiction to take advantage of the use tax rebate.

Since inception, the Boulder County Use Tax Rebate has provided over \$1.76 million to 546 homes destroyed by the Marshall Fire. The rebate is 100% of county use tax paid at the time the permit was issued with a maximum cap of \$3,500 for permits issued in 2022 and a maximum cap of \$4,200 for permits issued in 2023-25. The increase in 2023-25 was to take into account the increase in use tax resulting from the voter-approved ballot measures.

This program is designed to support victims of a total loss due to a federally declared disaster. Residents must have owned the home at the time of the disaster and are still the owners during the rebuild for the same property. Purchasers of lots are not eligible, even if the purchaser was impacted by the fire.

To claim the rebate, property owners must have an **approved building permit for Marshall Fire by January 31, 2025.**

To submit for the rebate, please visit the [IDF Disaster Recovery Application portal](#).

If you have any questions, please call the Disaster Recovery Hotline 970-744-4835 or email usetaxrebate@impactdf.org.
